

Service Printers Sustainability Policy

100% NZ owned and operated commercial printer Service Printers Limited, belong to an industry that has a long tradition of pride, excellence and a commitment to high standards. Service Printers are committed to adhering to those tradition, replacing the “discard at will” activities of previous generations of printers. With sound environmental practices, acting in a fair and ethical manner, educating staff and stake holders in sustainable practices and providing a safe nurturing environment for our employees.

OUR GOAL IS “NO ACCIDENTS NO INJURIES”

We Will do this by:

- Meeting or exceeding the requirements of all applicable Government acts and regulations and industrial safety standards
- Committed to reducing pollution by the destruction of all chemical waste and not releasing any contaminants into the environment.
- Selecting and promoting environmentally sound sustainable stock wherever possible, offering alternatives where required.
- Will develop a comprehensive EMS based on the EnviroMark and the international Standards for EMS (ISO 14001:2004).
- Playing our part in protecting the worlds forests and enviroment by working towards achieving certification to the FSC and PEFC standards.
- Fostering an environment where people feel valued, take pride and feel satisfied working for a company where skills, knowledge and talent are nurtured and developed. Family and cultural responsibility are respected and encouraged.
- Applying the principles of good waste management hierarchy of; avoidance, minimisation, recycling to minimise disposal to landfill. Working with our contractors on achieving the best out come in waste management.
- Working in partnership with our suppliers on reducing, recycling, reusing packaging and buying unwrapped stocks where possible.
- Monitor and review our performance against our objective and targets on a regular basis. Seeking continuous improvement through regular assessments and objective setting.
- Report and promote our achievements to staff, suppliers and customers
- Giving back to the local community through a well-developed, on going programme of charity sponsorship and patronisation.

Dean Oliver
